

Kiddie University at SWOSU This Thursday

04.16.2008

Kiddie University is coming to Southwestern Oklahoma State University on Thursday, April 17.

Thirty SWOSU students majoring in education will each bring one child to the Weatherford campus for a variety of activities from 9-10 a.m. in Room B1 of the Dr. Joe Anna Hibler Education Center.

The children coming to Kiddie University include toddlers, infants, pre-schoolers and pre-kindergarteners.

Kimberley Kelly of the SWOSU elementary/secondary programs in the Department of Education said the Kiddie University provides a good experience for the SWOSU education majors.
